What Every Power Plant Owner Should Know About Avoiding EPC Contract Disputes

For years the power and energy construction lawyers at Shapiro, Lifschitz & Schram have successfully advised utilities, merchant energy owners, and power plant developers on how to manage EPC contract disputes effectively and avoid the cost, hassle, and risk of litigation.

As part of Shapiro, Lifschitz & Schram's highly acclaimed **Must-Know SeminarTM** series, highly experienced SLS power and energy construction lawyers will present a 90 minute, practical, tight-knit, information-packed seminar addressing the strategies that every power plant owner should know to avoid EPC contract disputes.

Here are just a few of the important topics that will be covered:

- **Top Ten Ways to Avoid EPC Contract Disputes**
- **Understanding Key EPC Contract Provisions**
- **Avoiding the Most Common Owner Pitfalls**
- **Protecting against Contractor Claims**
- **Negotiating and Resolving Claims Effectively and Efficiently**

A highly informative and enjoyable seminar, developed and presented by experienced SLS lawyers.

- **Insightful practical advice**
- **Real world examples and experience**
- **Tried and tested techniques**

Must-Know SeminarsTM are developed and presented by the attorneys of *Shapiro, Lifschitz & Schram* on topics critical to the business community.
